Successfully performed remote audits – extension of current certificates

Dear Mr. Breitler,
dear ladies and gentlemen,

We hereby confirm you that the first part of the re-certification according to ISO 14001:2015 including the migration to ISO 45001:2018 has been positively reviewed by the lead auditor. The audit has been performed in the period from **May 5th 2020 to May 15th 2020**.

The current certificates with the number **AT18/2756.00 (OHSAS 18001:2007) and DE17/819943420.00 (ISO 14001:2015)** with all the subsequently issued certificates will therefore be extended for further 6 months and will remain valid.

The second part of the re-certification audit is scheduled to be performed in October 2020. Once the second part of the audit has been successfully performed, the official certificates will be issued with a remaining period of the overall 3 years.

Kind regards

SGS Austria
